Discussion (Including Relationship to other Council Actions) The City, with participation from the Urban Development Department, Law Department, Planning Department, and Public Works Department, has negotiated a redevelopment agreement with the developers, University of Nebraska Federal Credit Union and Littlemore Properties Corporation. The proposed project will remove blighted and substandard conditions by utilizing previously underdeveloped and outdated lots; create new housing opportunities; enhance the streetscape and pedestrian-level orientation; create new retail opportunities on the P Street Retail Corridor; to enhance entryways into traditional Downtown and Antelope Valley; to further connect Downtown and Antelope Valley; and, encourage further reinvestment in the Downtown and Antelope Valley. The goals of this project are to strengthen Downtown Lincoln and the P Street Retail Corridor with the redevelopment of an underutilized lot into a retail credit union with adjacent parking and to assist in the creation of a 24/7 Downtown by creating additional residential opportunities.
